

SMART CHANGE STARTS HERE.

# ELIMINATE PRINT SERVERS

## SAAS SOLUTION FROM PRINTERLOGIC

PrinterCloud from PrinterLogic is a SaaS solution that completely eliminates the need for print servers, delivers centralized print management, and empowers end users to install printers on their own with a single click. Businesses gain the efficiency of print management without infrastructure and implementation hassles, while lowering costs.

PrinterCloud offers the same enterprise-class features as PrinterLogic's on-premises solution—in a hosted, serverless platform. It gives IT professionals the ability to manage all of their network printers from a powerful web-based Admin Console. Using centrally managed direct IP printing, PrinterCloud greatly reduces downtime and keeps the environment stable and available, even if the internet connection goes down.

- **CENTRALIZED PRINT MANAGEMENT:**  
Manage the entire organization's printers from a single Admin Console.
- **SELF-SERVICE INSTALLATION:**  
Users install their own printers with one click.
- **PRINTER DEPLOYMENT:**  
Eliminates the need for time-consuming group policy objects (GPOs) or scripts to deploy printers to end users.
- **ELIMINATE INFRASTRUCTURE:**  
Completely eliminate the cost and the headaches associated with print servers or any server by converting to centrally managed direct IP printing.
- **SAAS SOLUTION:**  
Same core solution as PrinterLogic's on-premises software now hosted in the cloud.

## PRODUCT OVERVIEW

PrinterCloud is a print management SaaS solution for businesses that want quick, powerful control of their print environment without additional infrastructure. It offers scalable print management without undue overhead by providing IT administrators with powerful printer and driver deployment, reporting and auditing, VDI support, self-service printer installation, and available mobile and secure pull printing. With PrinterCloud, you'll get dramatic reductions in help-desk and IT management costs.

### CENTRALLY MANAGED DIRECT IP PRINTING

- Print queue migration tool
- TCP/IP & name change control
- Printer driver change management
- Printer profile enforcement

### PRINTER DRIVER DEPLOYMENT

- Eliminate scripting and GPOs
- Self-service printer installation portal
- End user proximity-based deployment
- Deploy based on Active Directory & hostname

### ADMINISTRATIVE CONTROLS

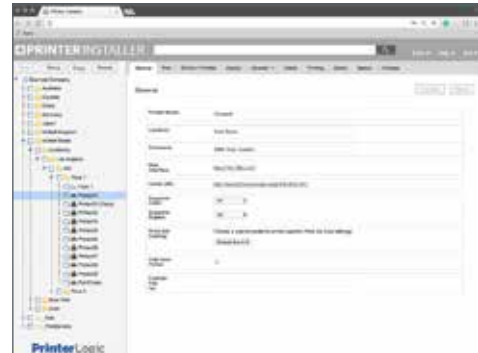

- Print queue management
- SNMP monitoring and alerts
- Workstation usage reports
- Print job auditing and costing
- Role-based access control

### VIRTUAL ENVIRONMENTS

- Virtual driver management
- Citrix session fat clients
- Citrix session zero clients
- Golden image deployments

### MOBILE & PULL PRINTING

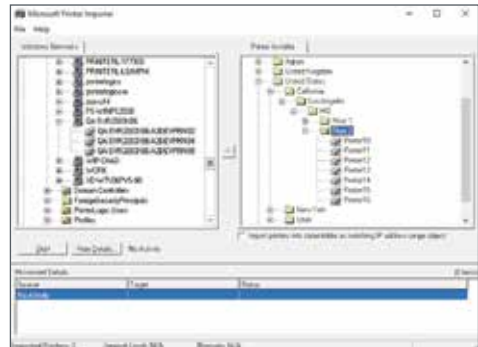

- Mobile, BYOD, & guest printing
- iOS™, Chromebook™, and Android™
- Pull & secure printing
- Badge/card scan release
- Printer control panel release
