

PRINTJOBMANAGER CLOUD BASED MIS/ERP SYSTEM

Fast, consistent job pricing, estimating, production management, and inventory tracking.

SMART CHANGE STARTS HERE.

CAPABILITIES & CONNECTIVITY

Fast, easy integration with over 750 other Zapier-enabled business solutions for a completely customized end-to-end production workflow.

Aleyant PrintJobManager™ works seamlessly with Aleyant Pressero™ storefronts eliminating the need for separate pricing systems. It can also be integrated into third-party web-to-print solutions using the API.

MIS/ERP SIMPLIFIED

The cloud-based PrintJobManager is a powerful pricing, estimating, and production management system that's fast to set up and easy to use.

It includes unlimited seats, so all your sales, customer service reps, warehouse staff, and pro estimators can use it without extra fees. As a SaaS (hosted) solution it can also be integrated into Pressero or 3rd party e-commerce storefront.

Using PrintJobManager your staff can quickly review production status, generate estimates, price jobs, and track inventory.

Time Tracker

The convenient time tracker's ability to start, pause, resume, and stop to record actual production time can be used to update price assumptions.

Use PrintJobManager to its full potential with professional services from Canon Solutions America

Whether your business is large or small, remaining competitive in the global economy means you need to concentrate on what makes you successful—your core business. When selecting and implementing new technology, a highly skilled technical team makes the difference for a successful deployment.

Canon Solutions America has the team of experts you need to help you acquire the right technology, solutions, and services for your organization. From pre-sales analysis to post-sales support, our team of technical professionals draws upon decades of technical expertise and real-world experience to ensure you obtain the maximum benefit from your technology investment.
